5 cents a Share Today Will be 7 1-2c within next few days

This company owns six exceptionally good claims in the Divide District which is conceded by experienced geologists to be one of the most sensational and richest mining districts in the world. Splendid outcrop of the ore bearing porphyries in which ore bodies in this district occur. Ledge traceable for several hundred feet over the length of these claims.

This stock is practically certain to double and treble within a few days after being put on the board
